

## **ACKNOWLEDGEMENTS**

**Grupa LOTOS S.A.** would like to thank **MOSTOSTAL POMORZE S.A.** for their participation in the operational standstill of **WIOSNA 2007** production installations.

We greatly appreciate the work conducted by your company on the Hydrocracking installation, including repairs to the exchanger and replacement of the non-return valve in the high pressure valve, cleaning and repair of technical furnaces and participation in replacing the catalyser in the reactor.

The full engagement and high technical level of both the labourers and technical supervisors of **your company** enabled the safe and timely completion of tasks.

Head of the Infrastructure Office (TB)

Tomasz Branicki

Technical Director

Grzegorz Błędowski
