**4502317226 TROLL A TPC34 EPCIC**

**Subject: REFERENCE LETTER**

We hereby express our satisfaction regarding good cooperation for prefabrication of steel structures on **TROLL A TPC34 Project** for sections:

- M11: 504, 505, 509
- M13: 552, 553, 555, 556

Scope of Work included the following activities:

- Preparation of workshop drawings
- Fabrication of sections
- Assembly of sections
- Surface protection
- Pinning
- Preparation of as-built documentation
- Load-out

Total weight of above sections was ~1000 tons steel structures.

The subcontractor had good facilities, organization and management, engineering, procurement, quality control and all other activities and services accordance with Contract Agreement. **MOSTOSTAL POMORZE S.A.** met the HSE requirements and all statutory and other safety requirements applicable to the Subcontracted Work. The Yard was very tidy and well arranged, with high quality on scaffolding and access for construction and inspection works.

We are satisfied from the way of cooperation and fulfillment of the client's requirements. This reference is issued for the interested party, and does not impose any responsibility to Aibel AS.

Best regards,  
**Aibel AS**

Bruce McPherson  
Project Manager
