## LETTER OF REFERENCE

AKER EGRSUND AS confirm that MOSTOSTAL POMORZE SA executed structural steel sections for Project EKOFISK 2/4Z within the period from October 2011 to August 2012.

The scope of works included the following activities:

- Prefabrication of structural steel sections for Topside – ca 2200 tons
- Loading on a barge for sea transport

MOSTOSTAL POMORZE SA completed the above mentioned works in due time and in professional manner. The co-operation with the company and their site management was effective and successful.

We recommend MOSTOSTAL POMORZE as a highly professional and reliable contractor for similar projects.

Yours faithfully  
Aker Egersund AS

Atle Tingbø  
Subcontracts Manager Ekofisk 2/4Z
