LETTER OF REFERENCE

We would like to thank you for excellent cooperation on the project "**North Dragon**" in completing the scope "Prefabrication of structural steel sections for DES" (Drilling Equipment Set), app 1500 tons, from January 2014 to July 2014.

The general description of the Scope of Work included:

- shop-engineering and shop drawings
- purchasing of materials for outfitting & paint
- fabrication of structural steel sections
- load out and sea fastening on board company supplied vessel

The work was finished according to the Contract Schedule and in accordance with HSE and QA requirements and the ITP. The quality of workshop prefabrication and the final quality of construction after integration on the quay was well within the required standards. Your company understands the client needs, and ensures good communication and good team coordination which lead to a "no surprise" outcome.

We have known **MOSTOSTAL POMORZE SA** to be an honest and reliable Company based on our previous business dealings with them. This is confirmation that Mostostal Pomorze SA is a valued Subcontractor for A.S. Nymo.

This reference is issued for the interested party, and does not impose any responsibility to A.S. Nymo

Reidar Tønnessen
Project Manager - North Dragon
